

NEWSLETTER

THERMOFORMING division

First Ever National Thermoforming Exposition

A Thermoformers' Pavilion will be featured at the SPI/SPE "Plastics West" Show at the Las Vegas Convention Center, October 20-22, 1987. For all of those who receive this newsletter this is a show you cannot afford to miss!

Dozens of industries associated with the thermoforming industry will showcase their comprehensive capabilities including state-of-the-art thermoforming machinery manufacturers, mold makers, materials manufacturers, auxiliary equipment makers, and custom thermoformers.

Attending will be a broad based audience of decision makers, engineers, buyers and executives who influence the thermoforming industry across the country.

This is the first and perhaps the only time the entire thermoforming industry is gathered in one pavilion for one purpose.....to do business in thermoforming.

*SIGN UP FOR A BOOTH NOW!.....AND COME
PREPARED TO DO BUSINESS WITH THE DECISION
MAKERS OF OUR INDUSTRY!
CALL STAN ROSEN TODAY TO RESERVE YOUR BOOTH!

All The Odds Are In Your Favor at:

Thermoforming Pavilion

and

Plastics West

first Show and Conference ever conducted in Las Vegas by the U.S. plastics industry's two major trade associations - The Society of the Plastics Industry, Inc. (SPI) and The Society of Plastics Engineers, Inc. (SPE). This unique sponsorship is drawing together the nation's leading manufacturers and marketers of plastics processing machinery, materials and equipment to demonstrate the most up-to-date advances in this continually growing body of technology.

an unmatched forum for idea exchange and business development for you and your company. New products and concepts to enhance profits and expand markets. Additives to customize material properties and reduce resin costs. Automation refinements in controls, robotics, CAD/CAM to sharpen your company's competitive edge.

Parts Competition

The Thermoforming Division is sponsoring a parts competition. All thermoformers are invited to submit their entries which will be judged at the Las Vegas Thermoforming Exposition October 20-22, 1987. Sample parts should be labeled as such and sent to:

Ray Products
11565 Federal Dr.
El Monte, CA 91734-1087

For further information call Dick Fassett,
(517) 426-3877 (at Brown Machinery in Michigan). HURRY!

Editors Note: Send articles and information for this newsletter to:
Pete Hughes
c/o The Hughes Plastics Co., Inc.
2501 Spring St.
Redwood City, CA 94063
(415) 367-8300

CALL FOR PAPERS FOR 1988 ANTEC

Papers are being accepted for the 1988 Annual Technical Conference of Society of Engineers, to be held in April in Atlanta. Abstracts will need to be completed by September and final papers must be completed by November 30, 1987. You don't have to be a Research Engineer or a Polymer Physicist to write a paper! Write one on a specific area related to thermoforming in which you believe you have some knowledge you would like to share. Abstracts and papers must be mailed to:

Bruce Davidson
Monsanto Chemical Co.
800 N. Lindberg Blvd.
St. Louis, MO 63137
(314) 694-8541

Any questions call Bruce (above) or Pete Hughes at (415) 367-8300.
